## Ron Fraser Named Citizen of the Year

The Citizen of the Year for Grayling and Crawford County is Ron Fraser. Fraser was selected from a host of candidates, all of whom had excellent qualifications, according to the selection committee.

Fraser was born in East Canton, Pennsylvania and moved to Michigan when he was 4 years old. He graduated from Onaway High School and attended Spring Arbor College.

Owner of the Holiday Inn, Fraser is a man of many business and civic ventures. He is a director and an active member of the Grayling Regional Chamber of Commerce. He served as co-chairman for the Hospital Fund Raising Drive and also as a member of the Hospital Planning Committee; he is still a member of the Hospital Board.

Fraser is a Director of the Northern National Bank and maintains a great interest in this new and growing business in the community. He is a member of the Airport Advisory Committee and serves as a member of the Crawford County Economic Development Committee.

Fraser has chaired the millage campaigns for the Crawford-AuSable Schools and is on the Citizen's Advisory Committee for the Crawford AuSable School System. He donated 700 dinners, whereby the proceeds were equally shared by the Athletic Fund and the Library Fund.

He has always recognized the importance of the National Guard Camp in the community and has made a special effort in the support and "red carpet treatment" to the various groups that occupy the Camp during the summer months and throughout the year.

Ron Fraser is a member of Michelson Memorial United Methodist Church. He and spouse Nora, along with their two children, Shane and Leslie, reside on Danish Landing Road.

## K.P. Lake, Lovells Tackle DNR Clearcutting

By Jon Thompson

K.P. Lake property owners and other Lovells Township residents, upset with DNR clearcutting policy in their area, are taking their views to the DNR Commission.

Recent timber cutting around K.P. Lake set off this second round of Lovells Township versus the DNR. The first round took place in 1979 when clearcutting for Kirtland's Warbler habitat in the township prompted the township board to pass a resolution condemning the lack of controls to prevent negligent, careless, and irresponsible forest management by the state.

This spring, several acres of mature aspen and oaks were cut near the south end of K.P. Lake touching off round two. Residents feel a buffer zone of trees should have been left along the county road.

"We need the wood. It should be harvested," said a K.P. Lake property owner for 35 years. "But why cut along a county road near a public access site to the lake where everyone will see it. Why can't they cut back off the road?"

The lake residents feel the large eyesore created by the cutting isn't worth the estimated \$3000 income collected from the timber sale - not in a county where tourism plays such an important role.

Many K.P. Lake property owners are also upset with other parts of the cutting plan. Trees were cut along a steep bank 200 feet away from the lake. Lovells Township has a green-belt ordinance that outlaws major cutting 400 feet away from lakes and rivers. Township supervisor Fred Schabily said the green-belt zoning was patterned after the Natural Rivers Act but the

state does not have to abide by local ordinances.

The timber sale contract also called for no stumps to be left higher than 12 inches to help reduce the unsightliness. Many stumps in the area are more than 12 inches high and two were measured at 58 and 48 inches. The residents also claim a grader supplied by the cutting company did little to repair the county road after woodcutters used it. They say the Crawford County road grader had to smooth out the road although the timber contract called for the wood company to do it.

"If the DNR makes a contract, then they ought to stick to it and enforce it," one resident said.

The lake residents also questioned putting a 40 by 60-foot pile of slash near the road. The pile

## Local Teams Among Favorites For '82 AuSable Marathon

By Jon Thompson

Big John Baker, of Grayling, winner of four AuSable Canoe Marathons, is again rated as one of the favorites in the 35th annual race scheduled to start at 10 p.m. this Friday.

Baker, with Ken Brown, shattered the record time for the 240-mile race last year by more than 11 minutes. Baker will go after his third championship in a row this year paddling with Bob Welsch, of Southgate. Baker, 38, moved up to fourth on the all-time marathon rankings with his win last year. Welsch finished fifth last year and placed as high as second in 1975 with Jay Stephan, Jr., of Grayling. Welsch has finished in the

top ten 11 of the last 12 years and is ranked tenth on the all-time list. Besides his four first place finishes, Baker has paddled to three second places and three third places.

Two other local teams are expected to fight for the first place prize money, Brett Stockton, of Grayling, and Butch Stockton, of Rosecon, and the team of Dave Shepherd and Jeff Kolka, both of Grayling.

Last year, Brett Stockton, teamed with Al Rudquist, took second place and had the sixth fastest time ever. Stockton, 18 years old during the last race, was a crowd favorite. A large number of spectators cheered him on in his attempt to be the

youngest marathon winner.

His older brother Butch is ranked 20th on the all-time racer list. He didn't race last year but has finished in the top ten six out of seven years before 1981.

Shepherd and Kolka were the early leaders in last year's race holding on to first place for almost two hours. The young team reached the water second last year in the "LeMans" start.

Jack Kolka, a former Grayling resident, will be entering his 22nd marathon with Doug Legg, of Grayling. Kolka, ranked third on the all-time list has finished second three times in the grueling race. At 48, he may be the oldest racer this year

in the professional division. Legg will be racing in his fourth marathon.

Another local team entered in this year's race is Wayne Stockton and Mark Kolka, of Grayling. Wayne will be competing against his brothers, Butch and Brett, and Mark will be competing against his brother, Jeff, and father, Jack.

Among other teams entered, Jerry and Jeff Kellogg, of Grand Haven and Morley, are expected to challenge Baker and the other local teams. The Kelloggs won the race in 1974 and 1975 and hold the second fastest time.

The amateur race will start one hour earlier, at 9 p.m., and last year's winners Forest Haines and Jim Myers will be back to defend their title for the fifth straight year.

The races both will start with a "LeMans" sprint with canoes to the water's edge in front of Ray's Canoe Livery. All racers will be at the marshalling area for check-in at 6 p.m. Friday. The Dixieland Band will perform before the race begins and a drawing for a \$500 canoe, paddles, and cushions by Ray's will be held before the gun sounds for the race.

The racers will paddle through the night portaging six times over dams and are expected to reach Oscoda about 1 p.m. Saturday.

Last year, Baker and Brown won \$1400, Stockton and Rudquist won \$847, and Kolka and Shepherd won \$700. Brown, 24, won't be racing this year because of job commitments but expects to return next year. He ranks 19th on the all-time list.

An Indiana National Guardsman was arrested July 14 and charged with kidnapping and criminal sexual assault. He is currently lodged in the Crawford County Jail with bond set at \$100,000.

The charges stem from an incident July 12 with an adult from outside of the Grayling area. The suspect's name is being withheld pending court action and other information is being suppressed.

On July 12, two other National Guardsmen were arrested by Michigan State Police and charged with first degree criminal sexual assault in connection with an incident July 11 involving a 15-year-old girl operating a fruit stand at the corner of M-93 and Old US-27.

### Marine Patrol Pulls 4 From Lake during Storm

The Crawford County Marine Division had their hands full last weekend battling fierce thunderstorms while pulling four persons out of Lake Margrethe. Strong winds, heavy rain, and lightning came up swiftly Saturday catching boaters offguard. Sheriff Joe White said the three man marine crew did a nice job aiding boaters during the storms. Despite many lightning bolts hitting trees in the county, no injuries were reported from the storms.

### 38th Infantry Band To Perform Friday at Grayling State Bank

The 38th Infantry Band from Indiana, featuring some of the best musicians from Indiana, will perform Friday, July 23, at 10 a.m. on the lawn of the Grayling State Bank.

The orchestra will be directed by Chief Warrant Officer James E. Williams assisted by Capt. Richard F. Collins. All of the members of the 38th band are in the national guard. They must audition and pass music exams to be admitted into the 38th band.

Most of the band members are music majors. At least ten are band directors. In Indiana, the band is well-known performing for government functions such as when Presidents visit the state.

The band also does formal concerts and performs in different cities to help art councils raise money. The excellent band draws well and has often raised as much as \$10,000 for a performance for art councils.

Northeast Michigan. Because of that official approval, the area is now provided an opportunity for local review and comment on economic development and public works project applications under the CDBG program. This review and comment is needed prior to the State ranking projects and making funding decisions.

The Committee pointed out that Fraser never spares days or hours in serving his community. They said that he has a positive outlook for the area and has supported and welcomed new business in the county.

The Committee noted that Fraser feels strongly about value in having new citizens move to the area, where they help to enrich all of life and assure a better future to one and all.

A luncheon will be held this Friday at 12:00 noon at the Holiday Inn dining room. The public is invited to attend. Dutch treat.

## Cutting

(Continued From Page 1)

is supposed to be burned in the fall with four inches of snow on the ground. The residents would have preferred to have the eight-foot-high pile sit for four months at the rear of the cutting area away from the road.

Lovells supervisor Schaibly will accompany a K.P. Lake resident to the DNR commission meeting next month to ask for buffer zones to be left along roads in the township where there's clearcutting.

"Then after the area behind the strip left along the road grows back a little, they could come back and harvest along the road," he said.

The township also wants a 400-foot strip left along lakes and streams in accordance with their green-belt zoning. Additionally, the township wants the DNR to inform them every time they want to clearcut in the township.

After the 1979 confrontation, Lovells Township residents say the township and DNR reached an agreement that the township would be alerted and a 200-foot buffer zone would be left along roads. The DNR did alert the township on every cutting after that except the K.P. Lake cutting. They said DNR officials admitted the township was not alerted for the K.P. Lake cutting and did not know how the slip-up happened.

The K.P. Lake property owner taking his views to the DNR commission said, "We can't better the situation at K.P. Lake - the trees have already been cut - but we're concerned about future cuttings."

## Play and Gym Show Scheduled

### Special Events to End Summer Rec. Program at Hanson Park

The first Summer Recreation Program operated for area youth by Hanson Park at the end of July, and as a result some of the young people who participated in the program will be demonstrating their accomplishments.

On Saturday evening, July 31, the two gymnastics classes will present a gym show. This show will also be held at Hanson Park and is scheduled to begin at 8:00 p.m. Price of admission for the gym show is also \$1.00. All of the process of both shows will be to help pay for the expenses of the summer recreation program and any surplus will be used by Hanson Park to further their efforts of turning the local recreation area into a year-round recreation area. For more information about either the gym show or the Kid's Theatre performance, call 348-9266.

## County Receives \$400,000 Block Grant

A \$400,000 Small Cities Community Development Block Grant for Crawford County was approved July 15 by the Michigan Dept. of Commerce.

The grant was the third of a three-year project bringing \$1.2 million in block grants into the county for community development grants. Randy Thompson, Director of Housing and Community Development for Crawford County, said another single purpose housing grant last year for \$304,000 brings the total of grants over the last three years to \$1.5 million.

Of the last \$400,000 grant, \$270,000 will be spent on county-wide rehabilitation. The remaining \$130,000 will be used to repair streets in the city of Grayling and in Grayling and Frederic townships. Grayling will receive \$100,000, Grayling Township \$15,000, and Frederic Township \$15,000. Over the last three years, the city of Grayling has received \$300,000 for street repair from the grants, Grayling Township \$45,000, and Frederic Township \$45,000.

Thompson said with the new grant, the housing commission is taking applications for low-interest loans to low and middle income families for house repairs. More funds may also be available for commercial rehabilitation.

## From Our Corner ...

A day after last week's issue had hit the street we met our old tormentor, Jack Mason, alias Jack Pine who wrote for the Avalanche a while back, he approached me with something like "you dummy" can't you add?...he continued stating that I had in our column that this was going to be the 9th annual Milltown Festival and it should have been the 10th because 1972 to 1982 is ten years...

Jack, if memory serves me, and again we could be wrong, the Centennial Festival was one of its own, and the Milltown theme came 2 years later which if my addition is correct 74 to 82 comes up with 9...so for Milltown Festivals we will be adding from 9 this year...unless someone in the crowd of our readers knows more about the Milltown origin...then we do...

So with all the contradictions on which annual Milltown Festival this is we will reiterate from last week's column...it's time to plan on attending Grayling's 9th annual Milltown Festival this weekend, July 23-24-25 with the parade scheduled for 2:30 on Sunday...there is a whole lot of events scheduled for these three big days, and a complete schedule appears on page one...the committee for the Festival urges everyone possible to wear old time clothing that dates back to the lumbering days here in Grayling...the Festival is growing every year...let's make this one better than ever...don't miss this fun weekend in northern Michigan...

We wrote quite a bit about our winter storms in January and February...well Grayling experienced the same thing staring Saturday afternoon and ending about noon on Sunday...in this case it was RAIN...we have never witnessed that severe of an electrical and thunderstorm...in fact a couple times I would swear lightning hit our house, it didn't, but it wasn't far away...while we were in the service we went through two typhoons that hit Okinawa...the winds were so strong they took planes and turned them upside down, big tractor-trailers were like match sticks, and all the ships in the harbor were sent out to sea to avoid clashing together and sinking...

Both storms are different, but also alike, when it comes to the destruction they can make...if ever I have my druthers, I will take neither...they're both scary...

We were saddened the other day when we heard of the death of our good friend, John Benser, of Houghton Lake, John was a retired Michigan State Police officer, and since retirement had sold Real Estate around Houghton Lake...John and I go back quite a few summers, we lived across the street from each other in Gaylord, and John being a couple years older sort of looked out for the ol' fella...it was John who tagged the nickname "Whitey" on me when we caddied at the golf course, at that time I was a towhead...so now it is -30- for another good friend...

No letters to the editor or advertisement concerning the election that are derogatory to any candidate will not be accepted by the Avalanche due to the fact the candidate has no time to answer any remarks or charges...

We had a news release pass our desk last week that at first we really didn't know how it would come to a small weekly newspaper, but after reading it, it was sort of ironic...the first paragraph read the appointment of veteran newsman, Rod Hanson, as news director of WJR-AM (760), has been announced by Operations Manager Joe Bacarella.

It took us a few minutes, but then we realized Rod Hanson is one of our cousins, and also related to Carl Hanson of Grayling...we also have a release on our desk announcing the signing again of George Blaha, son of Dr. Blaha as announcer for Detroit Piston basketball, and has been with WJR...wonder if they know each other...

This takes care of this week's turkey...so good-night T.J., Stefany and Amber...and to all our readers, plan on taking part in this year's Milltown Festival, the magic numbers are July 23-24-25...we guarantee you will enjoy yourself...

## The Bible Speaks

From Calvary Baptist Church

### Sanctification and Prayer Romans 8:26-28

The sanctified saint always prays the right prayer because the Holy Spirit is in control of his prayer life. We may not know what to pray or how to pray for any given problem, but the Holy Spirit prays for us. "Likewise the Spirit also helpeth our infirmities: for we know not what we should pray for as we ought: but the Spirit itself maketh intercession for us with groanings which cannot be uttered." Romans 8:26. The spirit controlled saint need not worry if he is saying the right words in prayer, the Holy Spirit will make the proper intercession from within our hearts.

The Holy Spirit always prays the Will of God the Father into our lives. The prayer which begins in the mind of God the Father, prayed into our lives by the endwelling Holy Spirit through the intercessory work of the Son will surely be answered. The entire trinity is involved in the prayer life of a sanctified believer.

Everything which takes place in the life of a sanctified saint is in accord with the will of God. Everything is working together for our eventual good and God's eternal glory. "And we know that all things work together for good to them that love God, to them who are the called according to his purpose." Romans 8:28.

God's prayer, God's calling, and God's purpose

all assure us that God is in control of our daily lives. God never makes a mistake. God always deals with us in love. Even our "infirmities" are a part of God's will for our lives. Certainly, our eternal future is secured.

My friend, for a saint to be lost and go to Hell, God's prayer must fail. God's calling must fail. God's purpose must fail. God's promise of our good must fail. Certainly, anything which could lead to our damnation in Hell could not be working for our good. It is great to know that our eternal destiny is in the hands of a sovereign God who is all powerful, all wise and everywhere present, who always does everything perfectly and never fails. (adv.)

## Eva Gabor at CC Playhouse

Well known star of stage and screen, Eva Gabor, and famous Comedian Dick Shawn are both returning to Cherry County Playhouse to star in the world premiere of Frank Salisbury's farcical comedy, "The Ice Cream Sunday."

Miss Gabor, well known for her many Broadway roles, films and hit television series "Green Acres" is returning to CCP this season after a very successful run in "Blithe Spirit" in 1981. Mr. Shawn was last seen at Cherry County in 1979 in his hilarious one man show, "The Second Greatest Entertainer in the Whole Wide World", which consequently won two Los Angeles Drama Critics Awards.

"The Ice Cream Sunday," which premieres on July 20 and runs through August 1, involves a birthday party which evolves into a chaotic case of mistaken identities. Miss Gabor and Mr. Shawn portray a married couple with outrageous problems that eventually bring them closer together as a result of events that take place.

Ticket reservations for this upcoming play can be reserved by calling the Cherry County Box Office at 947-9560 or can be picked up in the dome of the Park Place Hotel. Visa and Mastercard are Welcome!

Scrambles were played with the winning foursome of Schans and Raymonds coming in with a 34. Second place winners were four-somes of Bovees and Smiths, Pettengills and Jansens, and Gothros and Bill Diedrich and Cell Benson, all with a 35. Corrine Smith had the closest to the pin in two shots on No. 7, while Dale Pettengill had the closest to the pin in 2 shots on No. 2 and Bruce Smith was closest to No. 5 in 3 shots. Door prizes were won by Melvin Nielson and Doris Harland. Many other prizes were won in the drawing.

Following golf and happy hour everyone cooked their own steaks and enjoyed the accompanying dinner which was prepared by the waitresses at the club. We'd especially like to thank the girls for the excellent job that they did on the dinner. The committee in charge of the party was Bernard and Donna Pottorff, Dale and Mary Pettengill, Don and Elsie Jansen, and Bob and Fay Bovee.

The Monday Night Women's League enjoyed their usual delicious monthly potluck on July 19 following golf. Golf prizes were awarded to the following: Pat Ruddy and Donna Pottorff for a low of 53; Kay Ellen Juntilla and Jan Pahssen with low putts of 14 and Jan for chipping in on #7; Marilyn Hartman for improving her ringer score by 4; Gloria Nielson, Pat Ruddy and Louise Hatfield for low on holes 3, 8, and 9; Margaret Cook and Rita Schlehuber for low of 70 in the 70-80 flight and Rita for 18 putts.

Pig Roast is coming up — the sign-up sheet is at the club and it is limited to 36 couples for golf and 20 more for dinner. Hurry over - don't miss this delicious feast!

## Michigan Mirror

### Michigan Budget Problems Not Unique

Warren M. Hoyt, Executive Director, MPA

A survey of budget officials across the country indicates 37 states are spending at rates higher than current revenues in 1981-82 and 25 states expect that pattern to continue in their 1982-83 fiscal years.

Aggregate spending outstripped revenues by \$4 billion in 1981-82 for the nation's 50 states.

All states but Vermont require balanced budgets and have been able to maintain those expenditure levels only by depleting budget surpluses to an historically low level.

A report by the National Governor's Association and the National Association of State Budget Officers said those balances translate into about 1.5 percent and 1.1 percent of general fund expenditures in the two years, or about enough to operate the various state governments for four days in 1982 and three days in 1983.

Michigan, along with Ohio and Washington are cited as being hardest hit by the recession, is not among the states identified as spending more than is being taken in, but that is because it had already totally drained its budget balances.

Michigan and Arkansas are the only two states shown with zero year-end balances for four consecutive budget years ending with 1982-83 (although Michigan's budget for that year has not yet been approved), while most budget officers strive for a 5 percent cushion.

Ohio had the single largest spending gap at \$1.2 billion, but since the data was compiled, its Legislature has cut spending and raised taxes to nearly erase the deficit.

Only seven states had revenues exceeding expenditures.

The report noted the other states are reaching the point where most will face spending cuts, revenue in-

creases or both to maintain their balanced budgets.

With major state revenues tied to recession-sensitive sales and income taxes, the report found that even though expenditures tended to outpace revenues, 22 states - including Michigan - still spent less money in inflation-adjusted terms in 1981-82 than they had the year before.

Michigan's drop was 7 percent, while Illinois dropped 8 percent, Indiana and Wisconsin, 7 percent and Ohio 3 percent.

The largest decline was 13 percent for Nevada. The largest real spending increase was 28 percent in Texas.

In 1982-83, assuming a 5 percent inflation rate, spending will continue to lag in 14 states, topped by Alaska's 33 percent drop tied to what the report said are unusual spending patterns associated with oil revenues.

Michigan's spending would reflect real growth of 9 percent.

The report said while most states avoided general fund tax increases in 1981-82, the pressure for tax increases in the 1982 legislative sessions has been higher.

"Most of the state officials surveyed indicated that they are taking administrative measures to cut spending (for example, freezing vacancies, cutting back on travel and/or equipment purchases), and many legislatures have adopted tax increases or have tax increase proposals pending.

"The most significant factor affecting the financial health of state governments in the remainder of 1982 and 1983 will be the condition of the national economy. No amount of state government action will produce a strong fiscal condition in the face of recession," the report concluded.

**SUCCESSFUL TURKEY HUNT**—Some of our Grayling Elementary students were fortunate enough to see the results of Ron Waite's successful turkey hunt this past spring on Ben's Ruger Club. He showed them how turkeys are called with different devices. The bird was estimated by the D.N.R. to be about 2½ years old. The wing span was about 4½ feet and the beard was 7 inches. Congratulations to Ron and thanks for helping our students.

## Prescott Candidate For 36th Dist. Seat

Hugh Prescott of East Tawas, was the first of eight candidates to file for the new 36th District Senate seat.

In announcing his candidacy in May, Prescott, president of an advertising company, said "Our state has been on a collision course with bankruptcy for many years and the big spenders have just about pulled it off. Our budget is out of control; our state must improve the tax climate for both small and big business if our employment factor is going to change. The single business tax must be eliminated and our schools can no longer be supported by property taxes.

"The recommendations by the small business ad hoc committee should be taken out of the waste basket and implemented," declared Prescott, who promises the 36th district will have a voice if he is elected.

Prescott, the current Republican Party Chairman for Isosco County, was a candidate for the 37th district seat in the two previous senate elections. He is the son of Charles Prescott, state senator from 1946-1961, and the grandson of George Prescott, Secretary of State 1905-1908.

Prescott blames the Michigan legislature for the creation of a political and tax climate that has driven industry from the state, stopped expansion, and kept many new businesses from starting here. He cites three major causes for business failures and industry leaving: workman's and unemployment compensation, small business tax, and the school portion of property taxes.

Prescott says the 36th district is the most beautiful in the state.

"We have natural resources that make this a beautiful tourist attraction. We must make every effort to meet today's needs and

## Chamber Hosts Tommy Dorsey Orchestra Aug. 20

A touch of nostalgia will flit throughout the area on Friday, August 20 when the Tommy Dorsey Orchestra comes to Grayling.

An evening of "the big band sound" will be held at the Grayling Holiday Inn and hosted by the Grayling Regional Chamber of Commerce. Chamber executive director Debbie Branch said that the evening of music lasting from 9 p.m. to 1 a.m. will be presented in an effort to bring to the area good en-

tertainment for young and old.

The band's leader, Buddy Morrow, is a veteran of the "Big Band" era and himself a member of the original Dorsey brigade. However, people often expect to see the orchestra comprised of men the same vintage as those in the original band and are surprised at the number of younger members on board. Most of these younger musicians are graduates of

the numerous fine music schools throughout the country and, strange as it may seem to some fans of the 1940's, are often older than were some of the original Dorsey-ites. Buddy was still in his teens when he was with Tommy Dorsey.

The "Sentimental Gentleman of Swing" has able representation in the extraordinary trombone playing of Buddy Morrow. Coupled with these solos, the Dorsey "sound" stresses the ensemble feel featuring the brass and reed sections, and this fine blend of instruments brings to life once more such great, undying original Tommy Dorsey arrangements as "Marie", "Song of India", "Opus No. 1", "I'll Never Smile Again", and many more.

Once this band starts to blow, there's no doubt that the drive and spirit behind the musicianship of the original Tommy Dorsey Orchestra reign once more. Good music knows no generation gap in its ability to swing, and swing it does under the direction of Buddy Morrow.

Prices for the evening are not yet set pending a meeting of the program committee.

### RSVP Reports

by Sherry Haag, Dir.

Welcome to news of the Retired Senior Volunteer Program. One of the guidelines for the RSVP is the emphasis on seniors being able to use their years of experience, skills, knowledge, and abilities for the betterment of their local community as well as giving the senior a feeling of usefulness and worth. We at the RSVP office try very hard to find volunteer assignments and stations where a volunteer will be happy and feel they are contributing to a worthwhile position. As volunteers you are asked to perform certain duties and tasks at your assignments. If you have problems or suggestions about ways to improve, please don't hesitate to make your suggestions known to your station supervisors. Job duties are not set in cement for most volunteer assignments. So often we hear the remark, "Well, that's the way it's always been done". RSVP feels just because it's always been done one way, doesn't mean it has to stay the same. Part of your responsibility as a senior volunteer is to use the knowledge and skills you have to make your assignment the best it can be. So please, if you have suggestions or ideas for new jobs or stations, let us know. RSVP staff is here to serve you and the community.

Speaking of serving, last month volunteers served 3,382½ hours, a ten year high. If you multiply that figure by minimum wage, you get over \$12,000 the community saved because of the efforts of all of our volunteers.

Don't forget the Box Social on July 24, at noon at the Historical Society Museum. Col. Larry Glynn, auctioneer from the Grayling Auction House has volunteered his services. This is a community project, so let's all get involved and come out and have a good time.

Also, we're looking for people who have "old tyme" skills that would like to demonstrate their talents. Displays will be set up from 10-4 Sat., July 24. Please feel free to come share your skills with the community.

RSVP will have a table at the Arts & Crafts display. If you'd be interested in working at the table, give us a call. We will need people Friday & Saturday morning and afternoon. All proceeds from the Box Social and craft sale will go towards our community matching share we are required by ACTION to raise locally. The Arts & Crafts table will have available the all occasion note cards, Christmas cards, match boxes, and kitchen plaques. Please stop by and have a look!

For more information call 348-4341 or 348-8322.

Dear Whitey,

So along cometh big brother to Crawford County in the form of air survey? and Crawford County is only 150 say the C.C. commissioners) one of four in the state to be so far advanced. Maybe they are overlooking a simple fact. That the other 79 counties may have considered, invasion of people's privacy.

Commissioners evidently overlook, is a law called the open door policy upheld by our own governor. Where public meetings are supposed to be open and not have "closed door session" such as happens here, in this county.

Going back to air survey, they, the C. Commissioners) say most of it is funded by a grant, these grants are still actually being funded by taxes, and at a time when Crawford County is sobbing about how much it is costing to run the county, they should put a freeze on any and all new spending. Give the people a break for a change, instead of putting more breaks in our backs.

Sincerely,  
Marjorie Vallad

### Questions For The Candidate

QUESTION: What would be one of the first savings you'd like to accomplish if elected?

WELSER-ANSWER: I would like to pursue the possibility of full State Funding on State owned lands instead of the present \$1.50 an acre SWAMP TAX system that favors the Downstaters by not making them pay equally for State owned lands.

QUESTION: Why should the State pay full price on property taxes for our county?

WELSER-ANSWER: Because all the people in the State own the State land therefore all should pay equal. By only paying \$1.50 per acre in counties like ours - (60-70% State owned) it leaves very little land privately owned to get a fair tax base.

QUESTION: How do you propose to accomplish this task?

WELSER-ANSWER: Through a joint and undivided effort of all Northern Counties, to our State Representatives, Senators, etc., - we can ask them to work towards this goal and with enough effort - obtain it.

## Kirtland College to Present "Bus Stop"

Kirtland Community College is proud to present an adult comedy by William Inge entitled "Bus Stop", which starred Marilyn Monroe in the 1950's version. "Bus Stop" will be presented Thursday, July 29th, Saturday, July 31st, and Sunday, August 1st. All performances will be at 8:00 p.m. in the Kirtland Auditorium. Ticket prices are \$2.00 for adults, and \$1.00 for students and senior citizens.

"Bus Stop" is a series of character portraits of some travelers shut up in a tawdry cafe during a snowstorm. Out of a rather ordinary situation, Mr. Inge has put together an uproarious comedy that never strays from the truth. Once it gets started it flows naturally and sympathetically through the hearts and hopes of some admirable people.

As a group, they are common folks who don't know much except the basic principles of living. The cowboy is a blustering braggart who thinks a girl has to be lassoed into marriage. The night club singer is a vulgar girl who does not like to be bullied. In the course of the evening, the cowboy learns that tenderness is more effective than bravado, and the night club singer learns that an honest boy is more lovable than a stage-door Johnny. Their courtship is riotous, violent, wild and hilarious, but in the end, things turn out very well. There are the bus driver and the proprietress of the restaurant - a pair that gets to the main issue with a minimum of delay. There is a romantic high school girl who stands on tiptoe before life with some bookish

dreams in her head.

There is a drunken professor with a sardonic mind and very loose habits who finds himself shamed into behaving like a gentleman. There is an amiable, level-headed sheriff, and a modest, fatherly cowhand with some notes of wisdom about human behavior.

Best of all, there is some moving conversation about the nature of love and the generosity that makes it possible. Mr. Inge has more than an evening's entertainment in mind...he has ideas and principles. While his comedy is roaring around on the stage, he says a number of simple truths that give height and depth to his writing.

The cast of characters include: Elma Duckworth, played by Thea Merikas (Roscommon); Grace Hayland played by Bobbi Dings (West Branch); the Sheriff, Will Masters, played by John Price (Roscommon); Cherie, played by Beth Abbott (South Branch); Ray Charette (Lupton) will play Dr. Gerald Lyman; the bus-driver, Carl, by Dan Gaylor (Roscommon); and Virgil Blessing by Jim Fishell (Roscommon). Mark Benjamin of Rose City will play Bo Decker.

Tickets are available at the following locations: The Branch Book Store, West Branch; Nancy's Buttons and Bolts, Rose City; J and J Market, Long Lake; and Northern Drugs, Tee Pee Restaurant, Roscommon Laundromat, and Roscommon Public Library, all in Roscommon. Tickets are also available at the Kirtland Community College Bookstore and will be sold at the door.

**Binsfeld Seeks 36th Dist. Senate Seat**

Calling for Leaders "who believe in Michigan's future and who have faith that the people can make us competitive again," State Representative Connie Binsfeld, R-Maple City, is seeking the senate seat of the newly drawn 36th District.

Binsfeld, the Assistant House Republican Leader now in her eighth year in the Michigan House of Representatives, said she is running with the hope a victory will help Republicans control the Legislature allowing her to lead from strength to make economic changes vital to Michigan's future.

She said the Democrats' control of the House and Senate the last ten years has created a poor business

climate. She noted the unemployment rate has entered its 32nd consecutive month of double digit figures -and it is still rising.

"At the same time the government in Lansing is still growing at an alarming rate. The current majority has had its way and they've given Michigan its worst economic times since the Great Depression."

Binsfeld called for bringing welfare payments into line with other Great Lakes states and said the majority of Democrats are dragging their feet on reforming the state's unemployment compensation law.

Noting that state employee unions have resisted pay concessions, such as the those agreed to by the Big Three auto companies and the U.A.W., Binsfeld called for a careful sunset program to reduce the scope and influence of the state government.

She called for increased funding for local schools and highway repair and said Michigan is not producing enough jobs to keep publicly educated engineering and business graduates in the state.

Binsfeld also called for greater emphasis on agricultural and timber production saying the 36th District includes some of the most productive farm and timber land in the state.

## Chris Clover's Corner

By Sue Louchart

Hi! I'm Chris Clover here with news from the Crawford County 4-H Clubs.

Summer is rolling right along and so are the 4-H Clubs. A few clubs are closed until fall but others are just starting and others run year around.

Miss Jean and Miss Jessie are teaching the kids to be fish again out at Pine Knoll Campground thanks to Lary Gust. It looks like Lary is going to be a fish out of water this summer from the looks of that cast!

Softball for the kids ages 6 and 7 is getting started on Weds. mornings with Bob Gingerich. If you didn't get signed up you can still join.

Three new clubs getting started are 4-H Shooting Sports, 4-H Forestry Careers and Movie Making and Literature Skills.

Twenty-eight 4-Hers from Grayling attended Exploration Days at MSU this June. Many thanks to the Michigan National Guard for providing the bus for the trip. Chaperones and kids had a great time. Todd Peterson and Nancy Hatfield from the Leader Dog Club reported they learned a lot from their classes on Animal Science for Dogs.

Speaking of the Leader Dog Club you have to have a calendar to keep track of them. They are going to be on TV - Northern Michigan Morning in August. This month they raised over \$400 at their Hot Dog and Bake Goods Sale at the Mini Mall over the 4th. Thanks to all the help the local merchants gave the kids on getting the things they need for the sale. The community support for this club is great!

The club went to the Bear Lake Boy Scout Camp where they met with Jim Goddard and his leader dog Rex. Jim and Rex have been together seven years and shared many of their experiences with the kids.

This month also finds the Leader Dog Club sporting their new vests in the Expo. Parade in Mio and then in the Alpenfest Parade in Gaylord. The Ben Franklin

store helped the club make a banner to carry and Cora Flowers of the Ice House did the appliques on the vests. Community help again! Isn't it great!

Speaking of community help one of our club leader's gave a presentation in behalf of 4-H to the committee for United Way. United Way will help support 4-H along with many of the other programs in the community they support so please support United Way. Thanks.

Chelle Warners, 4-H teen leader and winner of the 1982 "I Dare You Award" from the Wm. Dansforth Foundation and runner-up for Miss Grayling left for Washington D.C. sponsored by the Grayling Rotary Club to attend the 4-H Citizenship Washington Focus at the National 4-H Center. Help them run the government, Chelle!

Remember Saturday is the big day for all the clubs at the park. T-Bear will be there as well as local entertainment. So we'll be looking for all of you there!

If anyone would like to join one or more of the many clubs or start a new one call the 4-H Office at 348-2841 and let Ann know. See you soon with more news about the clubs and what's new in 4-H. See you!

On May 5, 1982, Michigan Consolidated Gas Company (Consolidated) filed an Application in the above matter. On June 25, 1982, an Amended Application was filed.

Consolidated is a Michigan corporation with principal offices located at 500 Griswold Street, Detroit, Michigan and is engaged in the production, purchase, transmission, distribution and sale of natural gas in numerous communities throughout the State of Michigan.

Consolidated states that on September 28, 1978 the Michigan Public Service Commission (the Commission) issued its order in Case No. U-5322 specifying annual depreciation accrual rates to be applied to Applicant's depreciable property during the four-year period beginning September 29, 1978 and ordering Applicant to perform a depreciation study to determine depreciation accrual rates for use after the effective period of the rates approved in Case No. U-5322.

Applicant states that it retained the firm of Stone & Webster to perform a depreciation study by plant account as of December 31, 1980 and the results of that study are shown in Attachment A-1 to its Amended Application.

Consolidated requests that the Commission approve for accounting and ratemaking purposes:

- (1) The use of the depreciation accrual rates set forth in its application for intrastate utility property of the type currently subject to depreciation accrual rates.
- (2) The use of unit-of-production depreciation and depletion formulas set forth in its Application for those types of depreciable plant currently subject to such rates and the use of Account 182-xx, Extraordinary Property Losses, to record the difference between actual net salvage value realized or incurred upon the retirement of unit-of-production plant and net book value.
- (3) A depreciation accrual rate for non-recoverable base gas at the proposed depreciation rate for underground storage plant.

Consolidated proposes to reflect the revised depreciation accrual rates for ratemaking purposes in its first rate order following the final order in Case No. U-6839 and, accordingly, will apply the proposed depreciation rates in its next general rate filing.

Jurisdiction in this matter is pursuant to 1909 PA 300, as amended, MCLA 462.2 et seq.; 1919 PA 419, as amended, MCLA 460.51 et seq.; 1939 PA 3, as amended, MCLA 460.1 et seq.; 1969 PA 306, as amended, MCLA 24.201 et seq.; and the Commission's Rules of Practice and Procedure, 1979 Administrative Code, R 460.11 et seq.

## NOTICE IS HEREBY GIVEN that:

A. The initial hearing in this matter will be held at 1:30 p.m. on August 2, 1982 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan, which hearing will be in the nature of a prehearing conference and will be held for the purpose of considering matters which will expedite these proceedings and the scheduling of further hearing dates. Any interested persons may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure.

B. Any person seeking to intervene, in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission, shall file with the Commission, on or before July 29, 1982, an original and 7 copies of a petition to intervene, together with proof of service upon Applicant.

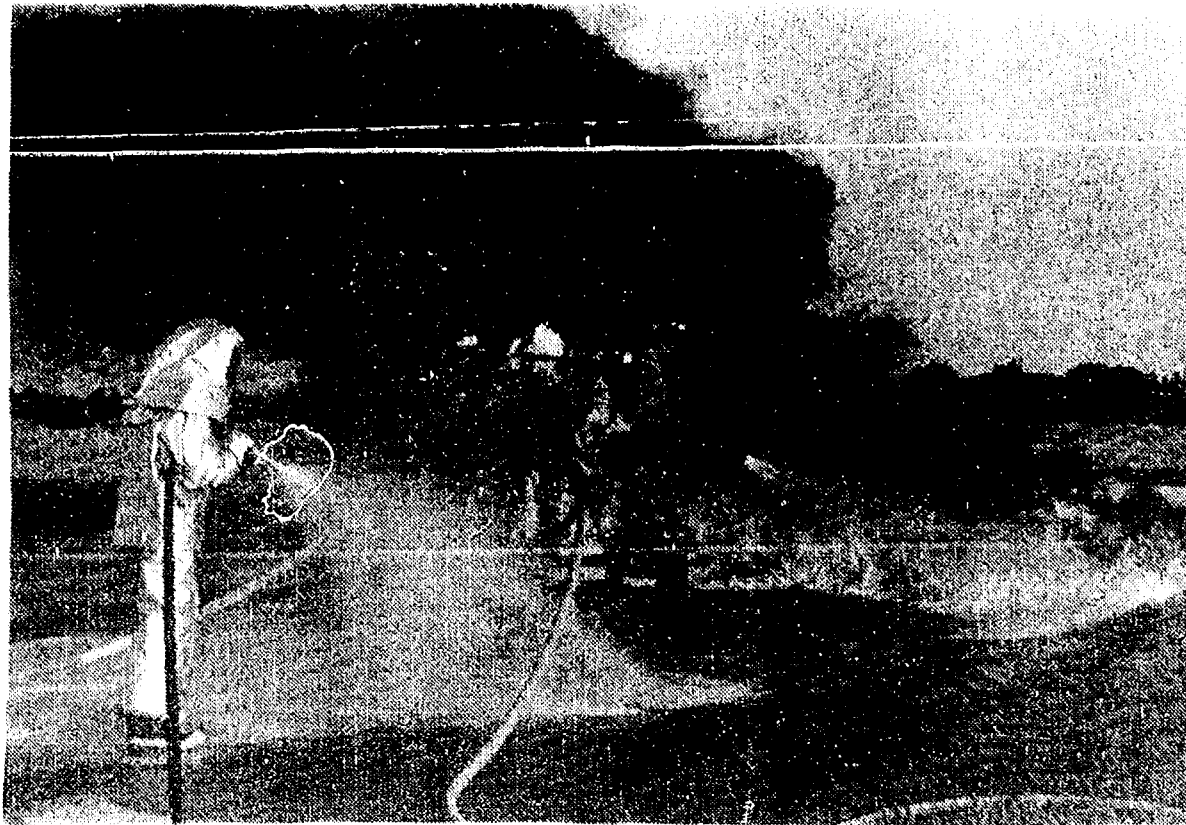

Subparagraph (2) of said Rule 11 provides as follows:

"(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right or interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the commission of the specific issues of fact or law to be raised or controverted." **CAMP GRAYLING**—Members of the Grayling Fire Department joined with 38th Division Guard personnel for fire fighting exercises last week at the Grayling Army Airfield. The 38th Aviation Battalion's Crash and Rescue Team were assisted by city firemen and Camp Grayling Fire Chief Dan A. Schrock. The exercises were conducted to provide fire-fighters with real-life fire and rescue situations.

Captain Schrock said the increased number of flights of varying sized aircraft require emergency personnel to be able to handle all aspects of aircraft crash and rescue operations.

During the exercises, firefighters battled two jet fuel fires, one with a water-foam solution, the other with high pressure waterstreams. Both rescue and extinguishing techniques were carried out using standard fire fighting equipment. The Camp Grayling Fire Department provided instructors, support personnel and safety equipment.

Schrock said that several more fires are scheduled to train both military crash and rescue crews and firemen from other departments where military flights are handled. (Special for the Crawford County Avalanche)

### 1.8 Miles of M-72 to be Resurfaced

Almost two miles of M-72 East will be resurfaced this November. The Michigan Dept. of Transportation accepted bids July 21 for the construction work on the road about five miles east of Grayling. The existing surface will be removed and the road, including three-foot shoulders, will be paved.

Electric Residential lighting accounts for 16 percent of a home's electric bill.

Planning for the two-day Old-Time Days Festival at the Hartwick Pines continues at a moderate pace calculated to be completed in time for the chosen dates of August 21 and 22. We have yet to hear from many of you with old-time skills or crafts you would like to demonstrate to what we believe will be large numbers of people. If you have such crafts which you would like to demonstrate and perhaps sell, let us know so that we may continue to complete our plans.

We will be able to place some crafts or demonstrators under roofs at the Logging Camp, in the shelter building, or in the Interpretive Center, but not many. There will be places under the trees bordering the parking area for others. Do not be bashful about this because many of the visitors will be extremely interested in your particular craft or skill. We would not expect you to demonstrate all day but rather do a little upon request by a visitor or just occasionally as time and place indicates.

Please call Joseph Stripe, the Park Manager, or me at 348-7068 for any further information you may need and to let us know if you are available for August 21 and 22.

Dear Whitey:

Your recent declaration in the Avalanche to limit each political candidate to one "Letter to the Editor" is, to me, an excellent idea. Inasmuch as I am one of those candidates, this will sufficiently serve as a forum for what I believe is a most important thought for voters to consider before making their political choices on August 10th.

First, I believe a candidate should stand FOR an issue he or she believes in - as AGAINST an opposing candidate or an issue. All too frequently ads appear in newspapers, flyers or other media by some candidates that aim viciously or vaguely at an incumbent or other candidate, citing "half-truths" or other methods to call attention to shortcomings, mostly alleged or otherwise unproven of other candidates. This tactic is, of course, not new by any means. It also does NOTHING to up-grade the accomplishments of the accusing candidate.

Seldom do such candidates take the time or do the research to study the underlying factors surrounding an alleged problem, or learn the facts of the issue involved. It is easier to just "shoot from the hip". It is always easier to be "against" something or someone then to recognize a problem, think through several alternate solutions, then, with courage of conviction, speak their mind in a proper manner for a clear, objective and helpful solution.

During the time remaining between now and August 10th all District 7 voters (and many others) will have an opportunity to: 1) know what my qualifications are for the position of County Commissioner, 2) learn what I believe are some of the most important issues confronting Crawford County both at present and in the future, and 3) learn what I would propose to do to improve those conditions.

Every voter is entitled to know the thinking of my opposing candidates as well! How do they propose to make Crawford County a better place to live and work and enjoy? At no time will you hear or read that I, as a candidate, have denegated publicly or privately against any other candidate for public office. Personally, I will cast my vote for the candidate(s) who can prove to me that, by qualification, experience, attitude and dedication that they will make service to the community their primary purpose for election. This county needs all the leadership, experience and ability possible for the months and years ahead. This is no time for "ego trips", personality clashes or negativism. I won't vote for such a candidate! I hope other voters feel the same.

To the Editor,

We haven't had a really dirty political campaign in Crawford County in a long time, but this one coming has an odor you can smell a month before election day.

This Mr. Johnston, who labels our elected representatives "rulers" jumps on a soap box one minute and preaches the value of citizen input - then in the next breath he so much as accuses Mrs. Bonkowski of illegal activities for having provided just that.

From where I sit, the lady called it as she saw it; and as a person knowledgeable in the phone system she had every right to expose the gaping holes in Mr. Moshier's research.

But it looks as though she saw the wrong thing and accidentally tooted the wrong horn. Her input, honesty and concern for the truth weren't designed to stroke someone's special interests. So, by some pretty seamy implications, the lady is labeled a subversive.

If I were Mrs. Bonkowski, Mrs. Kitchen or any member of the County Board of Commissioners I don't think I'd stoop to dignify or encourage any more of this nonsense with a response. I'm afraid if they do we'll all still be fumbling through 1982 telephone bills at the turn of the century.

Sincerely,  
 Robert F. Cole

Dear Whitey:

We want to take a few minutes to congratulate the City of Grayling, Township of Grayling, and the crew from Camp Lehman on the recent maintenance given to the Elmwood Cemetery in Grayling. It was badly in need of mowing and we are happy to see the improvement.

It was only a coincidence, I'm sure, but just this morning in the mail we received a letter from the Beautification Committee urging everyone to do their part to make our area more beautiful. It seems to us the recent improvement we have mentioned should receive a very favorable comment.

Congratulations to everyone involved! You deserve it, for a job well done.

## Achievement Day Saturday

by Sue Louchart

A big day for the Crawford County 4-H Clubs will be Saturday during the Milltown Festival July 24th on the Library side of the park from 11 to 3.

A tent from Camp Grayling will house the projects the 4-H members have been working on all year. The projects will be judged on its own merits and not in competition with the other members in the club. All members of a club can receive blue ribbons for their projects or all red or white. Some clubs like the swimming club do not have projects to display but have participated regular will receive participation ribbons.

All ribbons received by the members are very important to each one. The clubs set goals which fall for the year and Achievement Day is a chance for the members to show the public the goals reached.

Lots of new things will be going on inside the tent and outside this year. A concession stand will be ran by the Personal Grooming Club, contests involving "flying chickens" and a rabbit beauty contest by the Small Farm Animal club will be held. Demonstrations by many of the clubs will be going on throughout the day— meals in blenders, make-up lessons, the use of needles and hooks and many more. The Petting Park will be back and the ponies for riding too.

The entertainment will include a 2:00 p.m. by T-Bear from Houghton Lake plus members by the 4-H four county performing arts group the 4-H Dimensions.

The community has been very supportive of the 4-H program here in Crawford County. The program is helping the members to become stronger and better citizens. It is a way for kids and adults to learn by doing and have fun at the same time.

You are all invited to come down to the Library side of the park and see the accomplishments of the 4-H members in your community. See the demonstrations, the clubs available for youth, enjoy the entertainment and have a good time with 4-H. You will be glad you did and will be pleased with what you see has been done by the members this past year.

## Grayling Township Board

Special Meeting — July 7, 1982

Members present: Bernard Fowler, Elizabeth Wieland, Marvin Hallett, Jacqueline Bonkowski.

Members absent: Evelyn Gardiner

Building Committee: Members present, Randy Thompson, Ed Rutkowski, C. Leo Post, William Rutter.

Building Committee Members absent: Dave Wyman

Others present: None

Meeting was called to order at 7:30 p.m. for the purpose of reviewing proposed building plans for the township community center to be decided at the General Election as advertised.

## Grayling Township

Fund was transferred to the General Fund as in the past. The amount purposed for education and training and membership and dues were discussed. The Township is required to have an audit by a Certified Public Accountant annually. Presently Mickey Perez is the Township's Auditor. The Fire Department proposal is in conjunction with all Federal Revenue Sharing funds. Additional requests are being filed for street lighting in the lake area. Road projects being pursued in addition to existing projects are Circle Court and Sherwood Forest area. Fowler informed the citizens that the County Road Commission recently changed its funding policy which results in more funds needed from property owners and the Township. Wilcox Bridge Road is also being considered. Other anticipated expenditures were reviewed. Martin Bohn stated the amount of proposed expenditures over last years actual expenditures appears to be about a 23% increase - the same amount that his assessment went up - something has to be done. Fowler explained the Township Board felt the necessity to carry a fund balance of \$45,000.00 to \$50,000.00. This amount is reflected in the proposed expenditures to balance the budget. The 1.0 mill levy of property tax will bring in about \$58,000.00 - approximately \$5800.00 more than last year. If this millage rate is reduced, our state revenue sharing would also be reduced - approximately \$16,000.00.

The Board is considering a reduction in compactor ticket fees for property owners and/or residents. Treasurer Gardiner pointed out the 1.0 mill of property tax is only 1/5 of all anticipated revenues for the Township. Trustee Bonkowski stated the township portion of the tax bill is very small when compared to other units of government. HUD funds for the Drink's Park area road project is an in and out fund. If the project is not completed, the revenue will not be received. The responsibility of maintaining roads was questioned.

Federal Revenue Sharing Fund - 1982-83 Proposed Budget - \$14,200.00 All revenues are being proposed for the Fire Department. Liquor Fund - 1982-83 Proposed Budget - \$5,143.24

These restricted revenues are being proposed for liquor law enforcement. The fund balance is still the result of the license that was held in escrow a few years ago.

The Township Improvement Revolving Fund has a balance of \$122,505.28. Most of this fund is invested in money markets and certificates, presently from four of the local financial institutions.

Hearing closed at 3:36 p.m.

Annual Meeting resumed at 3:36 p.m.

7. Don Welser requested that the Army and the State be asked to contribute to the street lighting projects where their land adjoins private property in special assessment districts.

8. Motion by Don Welser, supported by Fred Blaauw, to permanently do away with the Compensation Commission and return the duty of setting salaries of Elected Officials to the Annual Meeting. Discussion was held on the membership of the Compensation Commission and whether they received per diem. Positions are advertised as they are vacated and there is no per diem. Treasurer Gardiner indicated the Compensation Commission members are residents of the Township and they review the responsibilities of the Officials and try to compare the positions with other similar ones. Question was called on the motion. Ayes - 4, nays - 4. Motion failed. Fowler explained the schedule drafted by the commission and indicated the Board would be considering a similar schedule for all employees.

9. The question of posting sufficient notices of the Annual Meeting was raised. Clerk Wieland indicated the meeting was advertised in compliance with the open meeting act.

No further business was raised. Fowler encouraged the citizens to attend the Regular Board Meetings.

Motion by Evelyn Gardiner, supported by Fred Blaauw, meeting be adjourned. (3:57 p.m.) All ayes. Elizabeth H. Wieland Township Clerk

Also in Attendance: Jerry W. Morford, City Manager; Allen V. Schreiner, City Treasurer; Patricia Schreiner, A. Donald Sorenson, Carl Lehto, Richards & Associates, Don Geiss, WQON, Nelson A. Miles, City Attorney, Arnold McMullen, Tony Doremire, Dan Reisinger, Ed Holtcamp, Beaver Creek, Tony Moore, Weyerhaeuser Co., Charles Gordon, Beaver Creek.

Motion by Golnick, supported by Latuszek that the minutes of the meeting of June 28, 1982 be approved as presented. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Citizens who wish to speak.

Mr. Arnold McMullen stated that his truck had been damaged by ash from the fireworks on July 4th. He said that he held the City responsible and he presented Council with a written estimate of the damage. The estimate was for \$35.00. He requested a written reply within 3 days. The matter will be turned over to the City insurance carrier along with a copy of the city police complaint regarding the matter.

Communications were received and noted.

From City Manager re: Notice of Public Hearing for rezoning a portion of the former Bear Archery property from current "I" Industrial classification to C-2 classification. The Hearing is scheduled for 8:00 p.m. on Monday, July 26, 1982 at the Regular City Council meeting.

From Michigan Department of Commerce re: Analysis of Senate Bill 177.

From Crawford County Taxpayers Association re: Swamp Tax. Mr. Morford recommended that no action be taken because to our knowledge the C.C. Taxpayers Association does not legally exist according to the Department of Commerce in Lansing and because we have no knowledge of the officers to whom to respond. Mr. Sabin and the rest of Council agreed although they are in sympathy with the idea of increased revenue from "Swamp Tax".

From City Treasurer re: June Financial Report.

From M.M.L. re: Legislative Bulletins.

From Lion Club re: Establishment of a Mini Beer Tent for Milltown. The request was withdrawn 7-12-82.

Old Business

The City Manager discussed the status of the remodeling of the Police Department. An estimate for approximately \$1300. has been received for reworking the heating system in the Police Department. Mr. Morford is proceeding with some specifications for the balance of the work.

New Business

The City Manager presented a request from the Northeast Michigan Solid Waste Planning Committee for approval of the Crawford County Solid Waste Management Plan which has been prepared. Mr. Morford recommended approval.

Motion by Golnick, supported by Thompson that the Solid Management Plan developed by the Northeast Michigan Solid Waste Planning Committee be approved. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Council took under consideration a request for the establishment of a Commercial Redevelopment District under PA 255 of 1978. The project would include building a restaurant on lots 1, 2, and 5 of Block 9 of Hadleys Third Addition to the City. Mr. Sabin stated that he had some reservations as to whether or not to include all of Block 9 rather than just 3 lots.

Motion by Sloan, supported by Thompson that Council consider establishing a Commercial Redevelopment District under PA 255 of 1978 for Lots 1, 2 and 5 of Block 9 of Hadleys Third Addition and that a Public Hearing be held at the July 26, 1982 regular meeting. Ayes: 4, Nays: 0, Absent: 0, Abstain: 1, Latuszek. Motion carried.

A request from Beaver Creek Township for the City of Grayling and Grayling Township to provide Fire Protection to the North 1/2 of the Township from August 1, 1982 to January 31, 1983 was received for discussion. Mr. Morford introduced Beaver Creek representative Ed Holtcamp and Weyerhaeuser Co. Manager Tony Moore. He also explained the results of a meeting held on July 8, 1982 between himself and Grayling Township Supervisor Bernie Fowler, Grayling Fire Chief Tony Doremire, Beaver Creek Township Officials and Weyerhaeuser Officials where the proposed contract extension was discussed. The purpose of the 6 month contract extension is to allow Beaver Creek Township time to organize and train a Volunteer Fire Department of their own. Discussion of the various aspects of the proposed contract was held. Mr. Sabin made several suggestions regarding contract language regarding per run charges, need for a method for termination of the contract by City and Grayling Township, need for a detailed map of area served etc. Mr. Morford recommended that the contract be approved subject to the following conditions:

1. That the per-run cost be determined by Fire Chief Doremire, Mr. Morford and Mr. Fowler prior to the execution of the contract.
2. That the form of contract and clause regarding contract termination by Grayling and Grayling Township be approved by City Attorney Nelson Miles prior to signing of contract.
3. That Beaver Creek Township furnish a detailed map of the area to be protected and roads serving properties in the area for inclusion in the contract.
4. That Grayling Township approve the contract subject to the above conditions also.

Motion by Sabin, supported by Golnick that the proposed fire protection contract be approved for a period running from August 1, 1982 to January 31, 1983 subject to the 4 conditions noted above. Ayes: 5, Nays: 0, Absent: 0, motion carried.

New doors and roof repairs at the Municipal Garage were discussed. Mr. Morford stated that the overhead doors would cost approximately \$8400.00. At present it is unknown what roof repairs would cost.

Motion by Golnick, supported by Thompson that the City Manager and the D.P.W. Supervisor be authorized to negotiate for doors for the City Garage at a cost of approximately \$8400.00. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Morford reported on the results of the bid opening for the 1982 street construction project. Thirteen (13) bids were received and read at that opening which was held Wednesday, July 7, 1982. Mr. Carl Lehto reported on the tabulation and noted that Searles Construction Co. of St. Johns, Michigan was the low bidder. He has checked with several of their references and has received very good reports of work done in a timely manner. The contractor is not "Pre-Qualified" by the State Highway Department but Mr. Lehto felt that this should not preclude awarding them the contract. Mr. Miles stated that whether or not to restrict the contract to "pre-qualified" contractors is a city judgment and within the city's authority. Mr. Morford stated that he would recommend awarding the contract to Searles Construction Co. Mr. Golnick asked about street width. They range from 28' curb to curb to 30' curb to curb. Mr. Morford included in his recommendation to not deductive alternate No. 2 (the AuSable Terrace area). He detailed for Council his reasons.

Motion by Sabin, supported by Sloan that the street construction contract be awarded to Searles Construction Company and to include deductive alternates 1, 3, 4 and 5 at a total cost of \$242,697.27. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Reports of Councilmen

Mr. Sloan asked about the No Parking signs. Mr. Morford said they will be installed when received.

Mr. Sloan asked about the Cemetery. Mr. Morford said that a crew from Camp Lehman will commence work there on Wednesday.

Reports of City Manager

Discussion with the DNR regarding additional 5 acres along Industrial Street.

Completion of behind curb clean-up of last year's construction project by Camp Shawano Crew.

Additional sidewalk work.

Adjournment

Motion by Golnick, supported by Sloan that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried. The meeting was adjourned at 9:30 p.m.

## Attend the Church of Your Choice

## Coffee, Tea, and Cornplasters

There aren't many of us left who remember Sixbey's General Store. It was more than a store; it was a gathering place, a news bureau, a bright spot in a boy's summer afternoon.

You would come in from the hot dusty street and the shaded store was cool. Immediately you encountered a tantalizing blend of scents—apples, licorice, spices and smoked ham. Grown-up conversation enhanced your feeling of excitement as they viewed and reviewed town happenings. You always took a long time to decide between a chocolate or a lemon drop, so that this exciting visit could be prolonged.

Our town has changed since then. For those of us whose memories linger in Sixbey's Store, it hardly seems the same place.

Yet one thing's the same. At the corner of Elm and Main, St. Mark's steeple still points skyward. Man's need for God never changes. And the Church remains constant as it teaches the truths of God's love and presence.

## NNB 10K Race Begins Saturday at 10 am

This Saturday, July 24th, the 3rd annual Northern National Bank Milltown 10K run will take place in Grayling. This year's attendance should be approximately 150 to 200 entrants. The course will be the same as it has been in the past. The main race will begin at 10 a.m. It will be preceded by a 1.5 mile fun run starting at 9:30 with a \$1.00 fee for this. Fun runners will receive a number and a specialized ribbon upon finishing. Entrants in the main race will be competing in many age group categories for both men and women with trophies to overall winners and to overall Crawford County

winners. All entrants will receive a custom design T-shirt and a participation certificate upon finishing.

We would again like to caution all dog owners along the race route to have their dogs under control between 10 a.m. and 11 a.m. Saturday morning.

Anyone wishing further details on the race may pick up an application at Northern National Bank and/or call 8-8037.

We hope that many people will come out and give lots of encouragement to these runners who train long and hard so as to be able to finish the 6.2 mile course.

## Young Americans 'Light Up Stage'

by Jon Thompson

Sizzling. The Young Americans have so much energy and exuberance they could light up a stage during a blackout. The 30-plus actors, musicians, and singers on stage performing "To Richard Rodgers With Love," at the Grayling High School Auditorium Monday were the perfect living definition of the word enthusiastic.

Besides displaying their talent and joy for entertaining, the Young Americans also paid a fine tribute to Richard Rodgers, writer of 40 shows, composer of 1,112 songs — many enchanting tunes that will stay with

music lovers forever.

The show opened quietly. A gentle piano number, slides and reminiscence of Rodgers, and then a young girl dressed in a blue evening gown begins singing "Blue Moon." Five singers softly join in the song along with a flute player. More singers appear for the popular song "Favorite Things." Still more singers appear for the serene "Mountain Greenery." Finally, for "Happy Talk", all of the cast is on stage and the show begins to heat up.

A set change for "Manhattan" and then the sweet harmony of "Edleweiss" captures the audience.

But the mood is quickly

changed with a gorilla and funny chorus line of male dancers during "Mimi." The humor blossoms with the next numbers of "Johnny One Note" and "Tramp" and for the rest of the evening the laughter comes easily as the show artfully mixes humor with beautiful music.

The Young Americans, during the show's 40 or more songs and numerous dances, exhibit a level of energy that probably can not be matched by an older professional group. The 15 to 20-year-olds constantly performed all-out. The finale, a medley of Oklahoma songs, showed bursts of energy that might have come from a supernova exploding.

Throughout the show, the Young Americans used quick set changes and costume changes to adequately portray the versatility of Rodgers. One of the highlights of the show was "The Sound of Music." The girls in the cast had entered the stage from the audience aisles carrying

candles, wearing robes, and singing "Dixie Dominus" before giving a wonderful rendition of the classic "The Sound of Music."

Added touches of humor were supplied by roller skating chorus girls, beach balls hit into the audience, and vaudeville sketches.

The Young Americans, given a standing ovation for their performance, will be back in Grayling this Monday with the popular musical "Grease."

Gilber and Sullivan's light-opera comedy, "The Pirates of Penzance," comes next, on August 2. The Young Americans will cap off their season on August 9, with Meredith Willson's timeless classic, "The Music Man."

Tickets for the three remaining performances are \$8.00 each and can be purchased at the box office, located at 403 Michigan Avenue, Grayling; or by calling (517) 348-7641 between 8:00 a.m. and 4:00 p.m., Monday through Friday. All performances begin at 8:00 p.m. in the Grayling High School Auditorium.
